Preserve the dead blue whale in Gwadar Jewani

Sved Ali Shah

The giant blue dead whale found on the lewani beach in Gwadar district of Balcchistan needs to be preserved. The whale should be preserved and kept for exhibition in the Gwadar museum to create wareness among students, visiting

tourists.

Indeed, this is a national asset. Its preservation is the core responsibility of the marines department, Gwadar Development Authority (GDA). Experts from the World Wild Life Department should also be taken on board to preserve the dead blue whale.

The blue whale found on Gwadar beach is 36 feet long

As per initial information, the blue whale is 36 feet long and its weight is estimated 20 tons

20 tons.

The blue whale is the largest animal on the planet, weighing as much as 200 tons (approximately 33 elephants). The blue whale has a heart the size of a Volkswagen

Blue whale is the largest animal on planet

re the loudest animals on Earth and louder than a jet engine. Their calls 8 decibels, while a jet reaches 14 Their low frequency whistle can be hundreds of miles and is probably ttract other blue whales. Marine life

Balochistan is the land of wonders and attractive tourists destinations

Balochistan is the land of wonders as attractive tourists destinations. The feder and provincial governments need to evol a strategy and announce a special packar for the promotion of tourism and improring tourist points. This will play a key re in attracting national and internation tourists and promote economy.

BAP not to be abolished on someone's desire: CM Bizenjo

Staff Reporter

Cries of coal miners in Balochistan

Perhaps, the cries of coal miners fall on deaf ears in Balochistan like in other parts of the country. Horrific news of coal miners buried alive, burnt to death, severely injured by methane gas blasts continue to surface from different areas of the province.

Such tragedies are yet to attract the attention of rulers and above all make no headlines in the so-called mainstream national media. Incidents in coal mines are always ignored. No, follow up investigation and inquiries, when it comes to the death of hapless miners in Balochistan.

Hazardous working conditions have claimed thousands of precious human lives inside coal mines of Balochistan, which houses rich-coal reservoirs, local for a whole day. Fortunate are those who come out alive in the evening coal for a whole day. Fortunate are those who come out alive in the evening in the morning prior to the entry of miners is bound to inspect mine in the morning prior to the entry of miners is bound to inspect mine in the morning prior to the entry of miners. Similarly, children, minor boys, and women are not allowed to step inside the mine according to the act.

in the morning prior to the entry of miners. Similarly, children, minor boys, and women are not allowed to step inside the mine according to the act. Coal mines incidents rampant in Balochistan Incidents in Dukki, Mach, Chamaliang, Sorange, Khost, Harnai, and other parts of Balochistan are rampant in coal mines. Six coal mines the other parts of Balochistan are rampant in coal mines. Six coal mines the other shocked by the Frontier Corps (FC) rescued all six miners after nine hourslong operations. The technical team dispatched from Quetta in a helicopter to ensure the unburt recovery of coal miners.

The mines and mineral department government of Balochistan is reluctant to share data of incidents with the media. Although, thousands have died in the coal mines of Balochistan during last more than a decade. Mines owners are hardly punished for poor working conditions that cause such tragedies. Broken and poverly-hit families need to be provided reasonable compensation for the power of the province of the pro

The ratio of education for women in Balochistan

Education plays a miraculous role in enabling individuals to be successful, and it is essential for everyone to receive an education, particularly for women. It is well-known that when a man is educated, an entire nation is educated. The role of an educated woman is paramount for the development of a society, even more so than that of a man. There are numerous factors that can impede a girl's access to education, and in some place these factors and the strength of the development of a society, even more so than that of a man. There are numerous factors that can impede a girl's access to education, and in some place these factors and the strength of the strength

Women and girls in the Balochistan have extremely poor access to

Balochistan has the lowest rate of female education in the world, says Mem-ber of the
