Pakistan seeks release of all \$2.6 billion stalled IMF funds

IMF says aiming to 'quickly' reach agreement with Pakistan on financial support

The International Monetary Fund (IMF) aims to "quickly" reach an agreement with Pakistan on financial support from the global lender as Islamabad has taken "decisive measures" in recent days to align its policies with the economic reforms sought by the institution, an IMF official said on Tucsday.

Pakistani authorities bring policies for support economic

"Over the past few days, the Pakistani authorities have taken decisive measures to bring polimonitor reform program supported by the International Monetary Fund, including the passage of a budget by the parliament that provide the particular that the program of the particular that provides a page of the particular that affect particularly the more vulnerable. The IMF team continues distinct with the particular that affect particularly the more vulnerable. The IMF team continues distinct with the particular that affect particularly the more vulnerable. The IMF team continues distinct with the aim of quickly reaching an agreement on financial support from the IMF." the lender's mission chief for a statement.

stan continues to negotiate the IMF for the completion

of a ninth review of the \$6.5 bil-lion Extended Fund Facility agreed in 2019 and the release of a \$1,20 tranche. The review has been stalled since October and the govern-ment is now hopeful of its com-pletion soon with Prime Minister Shebbaz Sharf enga-ing with the IMT chief multiple times in recent days.

'Trying to get \$2.6bn in pending funding

Prior to Porter's statement, Finance Minister Ishaq Dar said on Geo News show (Capital Talk' today that the government was working to find a mechanism to get the full \$2.6 billion in pending finances under a loan programment Fund (MF). He expressed optimism that an agreement would be reached with the IMF for the release of the much-needed \$1.2bn tranche, pointing out that a total of \$2.6bn was "unspent" under the programme.

As the IMF programme is set to expire on June 30, even with the completion of the inith review, \$1.4bn would remain pending in funding under the package as a tenth review seems out of question. The minister said the government was hoping and trying not just to get \$1.2bn pending funds following the completion of the ninth review but the property of the programment of \$2.6bn. "It is my wish list," he said, adding that "next one to two days are crucial". Web Desk

The curse of narcotics in Balochistan

The curse of narcotics has ruined our society. Thousands of young people fell prey to the curse of heroin during the last four decades in Balochistan, Pakistan's least developed province. In Quetta, it is very difficult to walk on Jinnah Road because of the young heroin addicts begging and snatching things on the roadside. First, they (addicts) beg and then try to snatch anything from mobiles to watches and purses from women. Such incidents have frequently taken a place with addicts snatching purses, mobiles, etc, and sneaking into the main city nullah, which snakes through Quetta's high-security zone.

into the main city nullah, which snakes through Quetta's high-security zone.

This situation prompted the Quetta police and the Counter-Terrorism Department (CTD) to launch an operation in the main nullah the other day. CTD and police claimed to have killed eight alleged drug peddlers during an exchange of fire. This was for the first time that police and CTD conducted such a targeted operation.

Fate of thousands of addicts is still shrouded in mystery. However, the fate of thousands of young addicts still shrouds in mystery as the government is yet to make a plan for their complete rehabilitation. The challenge for the government is to stop the narcotics smuggling from Afphanistan and rehabilitate the addicts.

Officially an awareness campaign on social media, radio, newspapers, and Tv channels should be launched to create awareness among the people about the curse of narcotics. This would be a good initiative to prevent the youth from falling prey to drugs.

History of heroin dates back to USSR invasion of Afghanistan in 1979.

The menace of narcotics in general and heroin, in particular, dates ack to the USSR's invasion of Afghanistan at the end of December

1979.

The war in Afghanistan had and has direct impacts on Pakistan in general and Balochistan and Khyber Pakhtunkhwa provinces in particular. It is a common saying that 'Kalashinkove and Heroin' culture is the product of the Afghan war, which distorted the true tolerant face of the two provinces.

Looming threat of climate change in Pakistan

Pakistan is threatened with the challenges of climate change. Be it global standing or regional vulnerability caused due to climatic threats, Pakistan is on crossing the red line. This is on alarming as much as it is so alarming as much as it is on alteresting. Is there someone looking after climate change at the provincial or federal level in Pakistan? There is none!

Of Climate Change at the federal level is downplayed to act only as a regulator and one that has the technical capacity to still attains of checking the quality of ambient airs. Similarly, at all the provincial levels, there are environmental protection agencies that look after the conformity of environmental regulations of the conformity of environmental regulations. These provincial agencies act as regulators

and with a stick they enforce the environmen tal laws which can cater for only a limited version or a speck of what forms the big idea of climate change. At the provincial levels like at agency that is technically sound, composed of such professionals and equipped with such facilities as to counter the grand horror of climate change. No climate change data being collected at the provincial for the data and statistics, there is as much fragmentation and silosapproach as much it is in the intergovernmental coordination mechanism. The question is not of the dearth of ampleness of data however it is how the data is madd in the control of the data of

Facing future floods safely

Pakistan's floods of 2022 were the latest, and most damaging yet, addition to the long history of floods in the country. As the muddy waters slowly recede, the need for speeding up action to face future floods stands clear.

At UN, Pakistan calls for protecting suffering people of occupied Kashmir, Palestine

UNITED NATIONS: Pakistan has urged the advocates of the concept of 'responsibility to protect', or R2P, to apply it to safeguard the oppressed people of occupied Palestine and Indian-occupied Jammu and Kashmir.

Ambassador Aamir Khan, deputy permanent representative of Pakistan to the UN, told the UN, and the concept of R2P has also led to the criticism that some powerful states have failed to invoke R2P by showing hesitancy either in condemning the massive human rights violations committed by so-called strategic allies' or by holding breaking in a debate on the responsibility to protect and the prevention of genocide, war crimes, ethnic cleansing and crimes against humanity, the Pakistani envoy said for more than 7 decades, India has, denied the right of self-determination to the cities of the Security Council prescribing a free and fair plebiscite India, he said, had deployed 900,000 troops, resorted to extra-judicial killings, forced abductions, collective punishments, and the incarcardion of the entire political leadership of the Ali To this end, he said, Pakistan has circulated a dossier with the evidence of 3,432 war crimes committed by India's officials in Jammu and Kashmir, while adding that Muslim's persecution has become

"routine norm" for India.

On Saturday, during a visit of Indian Home Minister Amit Shah to Jammu and Kashmir, Ambassador Aamir Khan said that Indian Army personnel stormed into a mosque in Pulwama district of south Kashmir while Muslims were offering prayers and forced Muslims to chant "Jai Shri Ram".

Noticing this dangerous trend, Professor Gregory Stanton, the founder of Genocide Watch, has warned that a genocide of Muslims could very well happen in India, it was pointed out.

The International community especially the devastating human rights situation that is transpiring in India as well as the occupied territory of Jammu and Kashmir, "the Pakistani envoy said.

Amir Khan said under the terms of R2P concept, the international community was expected to produce the community of the control of the productions, undermines its credibility as a genuine community to a said and corrine.

It is worth mentioning here that rests upon three pillars; the responsibility of each State to protect its populations, and the responsibility of the international community to a saids States in protecting their populations; and the responsibility of the international community to a saids States in protecting their populations, and the responsibility of the international community to protect when a State is manifestly failing to protect its populations.
